Hi, Everybody!

Thanks to all of you who made it out to spend the evening with us at the September club meeting, with special thanks going out to Howie, W9HG, who made a point of being there to lead us in singing "God Bless America". It was a meaningful experience for all of us. Sorry if you weren't able to share it with us.

October offers lots of opportunities to have

some fun with amateur radio. On the 6th, GARS will be running a special events radio station from the EAA hangar at Briscoe Field in conjunction with their annual fall classic fly-in. Come out and see some of the really sleek

and unique little planes, and make a few contacts for good ol' W4GR. Once again, Greg, AF4RZ, made some terrific QSL cards to send out for the event. (Thanks, Greg!)

The following weekend will be Gold Rush Days with the Boy Scouts out in Athens. (See Earl's article in last month's Garzette for more details.) Earl, AF4FG, is looking for some help from GARS members on Saturday, the

This issue of the *Garzette* is dedicated to the men, women, and children who died during the September 11th attack on America, to the families of those who have lost loved ones, and to the men and women of the Armed Forces, who defend our country so that we can enjoy the freedoms that we all cherish. As Hams, we should also remember those Silent Keys who perished and salute those who participated in the recovery effort.

**THE GARZETTE**

*The GARZETTE* is the official monthly organ of the Gwinnett Amateur Radio Society serving its members and other persons interested in the advancement of the amateur radio art.

Original articles, art, and photos are invited and encouraged. Previously copyrighted submissions cannot be accepted for reprinting unless permission from the appropriated publisher is provided in writing along with the information being submitted. If reprints are from publications allowing their unrestricted use, please include a copy of the printed permission contained in the publication.

If possible, bring your articles to the monthly meeting in Microsoft Word format or by email to N1TOQ@arrl.net. Artwork can be accepted in most any graphics format and can be submitted via email to the same address. Alternate means of submittal can be arranged when necessary.

In keeping with the amateur radio spirit, permission is hereby granted for the reproduction of *The GARZETTE* articles by other amateur radio club newsletters provided that proper credit is given to the individual author and to *The GARZETTE*.

*The GARZETTE* is created on an Emachine -333 MHz computer using Microsoft Publisher 2000 and Microsoft Office 97.

*The GARZETTE* is published each month with the assistance of Hal Manning, who prints the news letter. Darren Pierce AG4BF does the final production work on *The GARZETTE* by folding & labeling. Barbara Moon, KF4UPN stamps and gets the end product to the Post Office each month. Many thanks to each of them and all article contributors.

**Deadline for submissions is the Week of the Monthly Meeting for inclusion in the following month's issue.**

**THE GARZETTE****GARS Elmers**

Many of us Hams got interested in the hobby as a result of some influence and experienced Ham had on us. In my case, a ham stopped at my dealership back in the mid-80's to arrange a repair on his outboard motor. He had a funny looking license tag on his yellow Corvette and I inquired what it was. Little did I know, he would be my "Elmer".

The GARS organization is blessed with a lot of talented members that are willing to share their knowledge. The following list is made up of those individuals willing to serve as Elmers. Hopefully, this list will grow, and in time, maybe we'll get more who are willing to add a particular area of expertise.

KF4KSE David Moon (770) 279-9924 mobile radio installation

## GARS Auction

*By Andrea Hartlage, KG4IUM*

Have you heard about the GARS auction coming up on October 20<sup>th</sup>? Well, there's going to be a Kid's Auction the same day. The main purpose for the Kid's Auction is so that the kids don't get board. I have taken on the responsibility to be the auctioneer and coordinator for the Kid's Auction.

So, I am looking for two things. One thing I'm looking for is toys, books, and games to be auctioned off at the Kid's Auction. (Since most kids have no use for radio equipment, we'll have items they would enjoy.) If you have any items that you think kids would enjoy, please contact me either by e-mail at [kg4ium@arrl.net](mailto:kg4ium@arrl.net) or by phone at **770-963-2715**.

I am also looking to see kids attend the auction. So please, if you plan on coming, tell your kids to save up their money. Then, bring them with you to the auction. Obviously, if not many kids show up, the Kid's Auction won't be much of a success.

Thank you and 73,  
Andrea Hartlage, KG4IUM

## From the Oval Office

*(Continued from page 1)*

13th, to demonstrate the joys of amateur radio to a whole horde of excited and interested boys.

Then, of course, the 20th will be our auction at the EAA hangar at Briscoe Field. Thanks to the guys who brought all that neat stuff to the club meeting for the grab bags, and thanks to everyone who's volunteered so far. Please try to come to the airport on the 20th to support the club's first major effort to raise money for the GARS scholarship fund. (How about auctioning off that poor old neglected rig of yours..... or buying somebody else's?) We'll be gathering at 9AM to start logging in the items to be auctioned. Come on out. Let's make this a real club project. We can use your help.

Do you enjoy visiting museums? Have you ever visited one that has an amateur radio station that's shuttered and dark because no one's there to run it? Unfortunately, the well-equipped STARS station at the SciTrek museum right here in Atlanta has typically been closed more often than it's been open, and that's a real shame. You have another reason to be proud of your club, because GARS has agreed to volunteer to "adopt" the running of the STARS station the 2nd Sunday of each month. Many people from GARS signed up to do this, and many signed up from the Alford club to "adopt" the 4th Sunday, so there will be a training day in the near future to show everybody the ropes and get them their official ID cards. As soon as Jim, W4QO, sets the date, I'll let y'all know.

Did you know that one of the privileges of being a Special Service Club, like GARS, is that we can appoint a WAS/VUCC card checker? We've had one for a number of years now, but it's time to shine a bit of a spotlight on him. It's Don Ennest, KS4WR, and he's prepared to check those QSL cards of yours so you can get that wallpaper that you've earned. With the November sweepstakes just around the corner, a whole bunch of you have the opportunity to wrap up your "worked all states". Go for it!

One other date for you to mark on your calendar, and that's December 1, when we'll be holding our annual Holiday party at the church. Marty, KE4MLH, will be chairing the committee again this year, and Kevin, KF4HFN, will be our hoppin', boppin' DJ once more. Anyone who'd like to help, please get in touch with Marty.

The program for the October meeting should really be interesting. Bev and Walter Bryant will be telling us about their "ham trip" to Russia this past spring. Try to join us on the 18th for the meeting. Former club member Bob Busch and his wife will be coming down from New Jersey for it, and Larry and Ellen Osbourne will be coming from Charlotte..... so surely, YOU can make it from Lilburn....!! The next executive meeting will be on October 8th at the No. 1 Super Chinese Buffet on Hwy. 120 in Lawrenceville... eat at 6, meet at 7. Come join us. It's time to start considering our ham of the year award, so please let us know if you have any nominees.

My QSL card features a picture of the cartoon character Ziggy driving along in his little car and a street sign that says, "Keep on keepin' on." Since the horrid events of September 11, we've all had to "keep on keepin' on", no matter how difficult, and no matter how much the disbelief and sadness threatened to overwhelm us. This is an amazing country we live in, and part of her strength lies in us, her people. In our resiliency. In our resolve. And in our unity. God bless America, and in the words of Tiny Tim, "God bless us, every one".

Until next month, this is AF4FO, signing clear. 73

## On The Air with Dan Keohan, KF4YSU

This month's on the air article features Dan Keohan, KF4YSU. Dan was born in Chicago Illinois. He graduated from Proviso West High School. He was stationed in the military in 1970 in Vietnam. He became interested in amateur radio through boy scouts in the 1950s, and decided it was something he wanted to do. He worked at Western Electric in Chicago and then worked for The Teletype Corporation. When he moved to Atlanta, he started working for AT&T. Dan is now retired. Dan is blessed with two sons named Brian and Kevin who live in Arkansas. They are not interested in ham radio.

His Elmer was Win Jackson, N1TWX. (He took Win's class to become licensed.) He recorded the test questions on a tape-recorder and listened to them driving around in the car to study. Dan became licensed in 1998 when he was 54-55 years old. He got a Yaesu FT-840 once he earned his technician, and he listened to HF long before he earned his general. His first DX contact was someone on a Pacific island. Dan upgraded to General class license and then to Extra. His Callsign has always been KF4YSU. Dan now has a Yaesu FT 1000 MP. He works SSB, 20, 17, and 80 M. His favorite bands are 20 and 17.

The most interesting thing Dan has heard on the air is a net when net control asked everyone what they were doing when Pearl Harbor was bombed. He said that all of these people were coming back with very interesting stories about what they were doing during this time. Dan likes working DX and being 80M net control most about ham radio. (Dan is net control of a net every Friday morning on 3.973 and welcomes check-ins. That is, if you happen to be up during the net, from 3-5 A.M.) Dan would like to talk to more stations in the Far East. Dan's favorite part of GARS is the fellowship. The most fun Dan has ever had in ham radio is his first field day. He has worked W1AW several times. He talked to guest operators there. Dan gives this advice to new hams. "Put something up and get on the air."

*I would like to thank Dan for his cooperation when I called him on Friday needing a whole interview by Sunday morning! He returned my call A.S. A.P. and made this article possible. I would also like to thank Barry Zoll, N1TOQ, GARZETTE editor for his patience with me when I sent the article to him at the last minute. These two gentlemen made this article possible. And thank you, for reading it.*

*73 until next month,*

*Andrea Hartlage, KG4IUM,  
On the air author*

*Editor's Note:*

*Andrea's commitment to GARS is something we should all be proud of. Even with school, activities, and spending time with her family, she still manages to produce monthly articles that are well written and accurate. This type of dedication will get her far in life, which ever path she chooses.*

*Thank you, Andrea!*

## ARRL Renewals Through GARS

Lawrenceville, GA (USA) - Dan Keohan, GARS Treasurer, has just announced yet another way for you to support GARS and the club's activities.

It's simple. All you need to do is to make your ARRL dues check payable to GARS and present it to Dan at the monthly meeting (or a the local Waffle House where he's at). He will forward a GARS check to the ARRL and the club gets a "commission" of \$2.00 per renewal. With almost 300 members, this means that GARS could make an extra \$600 per year. You don't want Marty to have to sing at the next GARS Christmas Party instead of having a DJ, do you (just kidding, Marty!)?

If you have any questions, talk to Dan on the GARS repeater or by email at KF4YSU@arrl.net.

## Georgia Ham Tags

Many of you have seen the stylish ham tags that some of us have. So how can you get one? Contact your county tag agent for details. In addition to showing your "ham" pride and adding value to your vehicle, the county waives the annual tag fee (you're still required to pay the ad valorum, however). On a serious note, during times of emergency, your vehicle can be easily identified and this may be important if you're going to a disaster area where access is limited to official business.
